## LA SALLE UNIVERSITY'S WEEKLY INFORMATION CIRCULAR

August 25, 2000

Dear Colleagues,

As we welcome the Class of 2004 I would like to share with you some information on the Honors Program class and extend words of appreciation to some people most instrumental in bringing this group to our campus.

Back in September when recruiting began in earnest, I had set a goal of enrolling between 52 and 60 Honors Program students without sacrificing the standards which have served us so well in the past. These enrollment parameters were dictated by a variety of factors which were based on our available resources. I am most pleased to be able to report an enrollment of 58 students in the Honors Program Class of 2004, with several students being rejected for admission. This result was achieved while keeping the median SAT score of 1340, just above the historic (since re-centering) level. Four of the students held the rank of number one in their graduating class and 60% of the students ranked in the top ten of their classes (of those students coming from high schools that publish class rank). The thirty-three women and twenty-five men graduated from forty-one different high schools. Thirty-six of the new students will be majoring in arts, eighteen in science (thirteen in biology, the most frequently cited major), two in business, one in nursing, and one in speech pathology. Fifty-five will be residing on campus.

As always, a debt of gratitude is owed to Bob Voss and his staff in the admissions office. Their dedication to bringing the La Sallian message and philosophy to some of the top seniors was quite frequently the first step in what would become a matriculated Honors Program student. The faculty who gave so graciously of their time when asked to meet with these students and discuss the advantages of majoring in their discipline at La Salle sent a decidedly positive message to these students and their families. This type of activity continues to be, for me, the most effective recruiting instrument I have.

As a firm believer in continuing with processes that work, I will most likely be calling upon both groups again this year to assist in bringing to La Salle classes that will generate a message that is as positive as I hope this message is. In the meanwhile, "thanks" for your continued assistance and every best wish for an exceptional academic year.

Sincerely,

John S. Grady  
Director, Honors Program

Dear Colleagues,

As I am sure you know, La Salle University is accredited by the Middle States Association of Colleges and Schools (MSA). As part of the reaccreditation process, institutions receive a site visit every ten years. La Salle was last visited in 1995.

Between decennial site visits, institutions are required to submit a five-year Periodic Review Report (PRR). The PRR is a kind of mini-self-study, usually one hundred pages in length, which reports on how the institution has responded to the site team's recommendations (1995), what of significance transpired at the institution since the last visit, and the scope of the institution's plans for the next five years.

We have assembled a steering committee for our PRR chaired by Dr. Stephen Smith and Dr. Alice Hoersch. Other Committee members are: Ms. Megan Barnett, SGA President; Bro. Charles Echelmeier, Director of University Ministry and Service; Dr. Preston Feden, Associate Professor of Education; Dr. Marjorie Heinzer, Associate Professor of Nursing and President of the Faculty Senate; Dr. Margaret McManus, Associate Professor of Computer Science and Associate Dean of Arts and Sciences; and Mr. Raymond Ricci, Vice President for Enrollment Services. Though the PRR is due to Middle States by June 1, 2001, we hope to have a draft ready for final editing by December, 2000.

During the course of the next few months, you may be asked to supply one of the Steering Committee members with information related to the report. I ask for your timely cooperation with such requests. As we begin the drafting process, the work will be shared with the entire university community and there will be opportunities for input to the document. We hope to have a comprehensive task schedule within the next few weeks.

I thank you in advance for your cooperation in this very important university-wide project.

Sincerely,

Richard A. Nigro  
Provost

SUBJECT: University Drug and Alcohol Policy

Each year, we are required to publish and disseminate to all employees' the University's Drug and Alcohol policy under the Drug-Free Schools and Community Act. Below is the University's Drug and Alcohol policy.

## **POLICY STATEMENT FOR FACULTY AND STAFF ON ALCOHOL AND DRUG USE, POSSESSION AND DISTRIBUTION**

La Salle University considers the abuse of alcohol or other drugs as a health care problem and treats it as such. The term abuse as used in this policy shall refer to the consumption of alcohol or any illicit substance while at work or at any other time so as to impair an employee's ability to perform the duties and responsibilities of his/her job description. Consumption of any controlled substances prescribed by a licensed physician is subject to the directives of that physician governing its use.

As the University values the contribution of each of its employees and recognizes the risks that alcohol abuse, alcoholism and other forms of chemical dependency pose to the individual employee as well as the University at large, support for the individual employee's assessment/treatment needs is a top priority. Acknowledging that alcoholism and other forms of chemical dependency are recognized health care problems results in a University position that employees so impaired are in need of assistance and/or treatment in order to preclude the progression of their illness and likely deterioration of job performance so as to jeopardize their University employment. To this end, the Coordinator, Alcohol and Other Drug Program for the University is available to serve the information and referral needs of any employee in order to arrange for assessment and/or treatment needs. Contact with the Coordinator, Alcohol and Other Drug Program can be arranged directly by the employee or upon referral/directive of the employee's supervisor. In all cases, the privacy of the employee shall be respected and details of services provided by the Coordinator will be held in the strictest confidence.

La Salle is required by law to inform you of the sanctions which may be imposed on you if you violate federal, state and local laws regarding the unlawful possession, use or distribution of illicit drugs or alcohol. The following are examples of illegal activity and the applicable legal sanction.

### **A. Alcohol:**

Under Pennsylvania law, a person who is under twenty-one (21) years of age commits a summary offense if he/she attempts to or actually purchases, consume, possess, or transports alcohol. The police department must notify the parents of a minor charged with violating this law. If convicted of this offense, the minor's driver license will be suspended. A second offense will yield a fine up to \$500.

In addition, any person who intentionally provides alcohol to a minor will be convicted of a misdemeanor of the third degree, for which the fine will be at least \$1,000 for the first offense, and \$2,500 for subsequent violations.

### **B. Drugs:**

These are both federal and state laws which proscribe the possession, use and distribution of illegal drugs. The sanctions for offending these laws consists, in many cases, of mandatory imprisonment, coupled with substantial fines. The sanctions for any given offense vary widely, depending on the nature of the offense, the type of drug involved, and the quantity of the drug involved.

For instance, under federal law, simple possession of a controlled substance carries with it a penalty of imprisonment of no more than one (1) year, plus a fine of an amount between \$1,000 and \$5,000. If the controlled substance contains a cocaine base and the amount exceeds five (5) grams, the offender will be imprisoned for not less than five (5) years and not more than twenty (20) years, or fined, or both.

Also under Federal law, anyone who is at least eighteen (18) years old and who distributes drugs to anyone under age twenty-one (21) will be imprisoned and/or fined up to twice what is otherwise provided by law, with a minimum prison sentence of one (1) year.

Pennsylvania has laws prohibiting the use, possession and distribution of drugs which are similarly strict. In addition to imposing fines and/or prison terms for violations of its drug laws, Pennsylvania recently enacted a forfeiture statute. Under this statute, when the state arrests someone for violating its laws concerning the use, possession or distribution of drugs, the state will seize, and that person will forfeit, all of his/her property which was used to accomplish the violation of Pennsylvania's anti-drug laws -- including the automobile.

## **ALCOHOL AND DRUG USE AND POSSESSION**

The possession, consumption, or "being under the influence of" intoxicating beverages or drugs during working hours, on University property, or at University sponsored activities is strictly prohibited except for the moderate consumption of alcoholic beverages at official programs conducted by the University if the employee is over twenty-one (21) years of age. An employee reasonably suspected of being under the influence or found to be using alcohol or drugs during working hours, on University property, or at University sponsored events except as stated above may be required to consent to any scientifically approved test for the presence of alcohol or drugs in the body, and if they refuse will be disciplined or discharged for insubordination. An employee found to possess, use or be under the influence of alcohol or

drugs will normally be formally warned for a first offense, rather than dismissed. As a part of the formal warning, the University reserves the right to refer the employee to the Coordinator, Alcohol and Other Drug Program for recommendation into any one of the following programs: drug and alcohol awareness, counseling or rehabilitation. If the Coordinator, Alcohol and Other Drug Program refers the employee to any one of these three programs, the employee will not be eligible to re-enter employment until he/she supplies the appropriate certification of completion of the program. A second incident involving drugs or alcohol use or possession will normally result in dismissal.

## **DISTRIBUTION OF ALCOHOL AND DRUGS**

No person less than twenty-one (21) years of age shall attempt to purchase, consume, possess, or transport any alcohol, liquor, or malt or brewed beverages during working hours, on University property, or at any University sponsored event. No University employee shall transfer a registration card or other form of identification for the purpose of falsifying age to secure any alcohol, liquor or malt or brewed beverages. Nor shall any individual sell, furnish or give any alcohol, liquor, or malt or brewed beverages to be sold, furnished or given to any person under twenty-one (21) years of age.

No University employee shall attempt to distribute, sell, or furnish illicit drugs to any individual during working hours, on University property, or at any University sponsored event.

Any employee who violates this prohibition of the distribution of alcohol and/or drugs will normally be immediately discharged from employment with the University and may be referred for criminal prosecution.

## **CRIMINAL DRUG CONVICTIONS**

The University is required under federal law (Drug-Free Workplace Act of 1988) to ensure a workplace free from the illegal use, possession, or distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace. As a condition of employment, all employees must abide by the terms of this Drug-Free policy and are required to notify the University of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction. Furthermore, the University is required to notify

all agencies issuing federal grants to the University within ten (10) days after receiving notice of conviction from the employee or other forms of actual notice of such conviction. The University is then required to take one of the following actions within thirty (30) days of receiving notice of an employee's conviction:

- 1) Formally warn, suspend or terminate the employee; or
- 2) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

It is the discretion of the University as to what action will be taken.

Re: Student Phonathon

Date: August 25, 2000

The 1999-2000 Student Phonathon was a great success! Over 40 student phonathon callers completed 13,000 calls and the University received \$311,000 in gifts. In comparison to 1998-1999 when the phone calling was conducted by an outside firm, the Student Phonathon Callers raised \$31,000 more in pledges.

The 2000-2001 Student Phonathon will begin on September 12, 2000 and continue through May 8, 2001. This year's phonathon has six primary goals: to increase the alumni and parent participation rates, to increase revenue, to increase the number of completed calls, to decrease the number of refusals, to decrease the number of unspecified pledges, and to increase the number of accurate records in the alumni database.

In order to accomplish these goals, I need your help in identifying articulate students with excellent communication skills that are looking for an on-campus job. The Student Phonathon Caller position is a budget job that takes place Sunday-Thursday from 6:00 p.m.-9:00 p.m. Students are required to work two nights of the week. If you know of any students that are interested in an on-campus budget job, please forward a copy of the enclosed ad or have them contact me at ext. 1834 or [ulrich@lasalle.edu](mailto:ulrich@lasalle.edu).

Thank you for helping to secure the success of the 2000-2001 Student Phonathon!

Dear Colleagues:

After a spell of R. and R. thanks to having taken early retirement a couple of years ago, I am about to rejoin the ranks of the gainfully (moot point?) employed: I plan to teach a French class this fall, and am writing this note to ask if you or someone you know, e.g., a student who might like to earn a few dollars, would be in a position to drive me to and/or from La Salle, either on a regular basis or once in a while. The rides would be in exchange for collegial chat (or silence, whichever is preferred) and monetary compensation.

The class will meet MWF at 9:00 a.m.; I live at School Lane House, corner of Wissahickon Avenue and School House Lane in Germantown, about an 8-minute drive. Unfortunately, I come with baggage, to wit: a lightweight folding wheelchair which can generally fit into the back seat of most 4-door cars, or in the trunk. I have bad knees, but can quite easily get out of my chair and in and out a vehicle (provided the latter is not moving at the time).

I thought this would be the best way to communicate with many folks without putting any one on the spot. Your help in any guise--driving or referral--would be much appreciated. I can be reached at (215) 844-2397, or at school, ext. 1210. Thank you very much.
